Excerpt from The Moral State of Nations, or Travels Over the Most Interesting Parts of the Globe, to Discover the Source of Moral Motion He must take the liberty to admonish his critics, who he hopes may be as numerous as are their interests in the subjects treated on, to withdraw the mind as much as possible from the influence of education and custom; and as the author's reflections have dared to claim and assert the right of reason, to investigate every institution that is to direct the essence of man to well-being and happiness, he hopes they will be aware how difficult it is to arrive at that elevated position, where a critic must place himself, to take a view of this work.
