This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2007 in the subject American Studies - Culture and Applied Geography, grade: 2,7, University of Siegen, 11 entries in the bibliography, language: English, abstract: Sport is not just sport. Especially baseball, basketball and football represent typical American ballgames. But sports are not only about playing or exercising, they are highly organized, have institutionalized rituals, public liturgies, symbolic statements, dramas and narratives. American sports seem to symbolize America, its pride and unity. They are rarely considered 'just a game'. The racial segregation that prevented African Americans from playing baseball in the National League until 1947 has been replaced by the enormous successes of African Americans in all fields of sport. Another important person I want to mention in this context is Jesse Owens, who was a track and field athlete. He became a national hero for the United States when he...
