*Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Christmas Summary Classics This series contains summary of Classic books such as Emma, Arne, Arabian Nights, Pride and prejudice, Tower of London, Wealth of Nations etc. Each book is specially crafted after reading complete book in less than 30 pages. One who wants to get joy of book reading especially in very less time can go for it. About The Book George Henry Lewes, born in London on April 18, 1817, was the grandson of a famous Covent Garden comedian. As an actor, philosopher, novelist, critic, dramatist, journalist, man of science, Lewes played many parts in the life of his time, and some of them he played very well. George Eliot owed him a great deal; he turned her genius away from pure speculation, and directed it to its true provincefiction. Lewes was, in fact, an excellent critic, and it is by his splendid critical work, the Biographical History of Philosophy, that he is now best remembered. In this remarkable book, which appeared in 184546, Lewes the novelist and the journalist collaborates with Lewes the philosopher and man of science. He has the rare art of making an abstruse subject clear and attractive; he does not give a dry summary of the ideas of the great thinkers, but depicts the living man and relates his way of life to his way of thinking. The result is that in his hands metaphysic becomes as interesting as history did in the hands of Macaulay.
