The Here and Now

By Ann Brashares

Hachette Children's Group. Paperback. Book Condition: new. BRAND NEW, The Here and Now, Ann Brashares, Seventeen-year-old Prenna James emigrated to New York when she was twelve. But Prenna didn't come from a different country, she came from a different time - a future where a mosquito-borne illness has mutated into a pandemic, killing millions and leaving the world in ruins. Prenna and the others who escaped to the present day must follow a strict set of rules: never reveal where they're from, never interfere with history, and never, ever be intimate with anyone outside their community. Prenna does as she's told, believing she can help prevent the plague that will one day ravage the earth and take the lives of her younger brothers. But everything changes when she falls for Ethan. She might be able to save the world if she lets go of the one thing she's found to hold on to.

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
