### ***Reviews***

*Completely among the finest ebook We have at any time read through. it was actually writtern really properly and helpful. You are going to like just how the writer compose this publication.  
(Mr. Deangelo Considine)*

## NEWTON: A VERY SHORT INTRODUCTION

Oxford University Press. Paperback. Book Condition: New. Paperback. 144 pages. Dimensions: 6.6in. x 4.3in. x 0.5in. Newton's reputation was the subject of intense debate long before his death in 1727. While alive, numerous opponents sought to topple his theories, and his views on religion were considered by many to be unorthodox. For the vast majority of scholars, however, his groundbreaking approach to science overrode all else. This book makes use of previously unpublished private writings and manuscript sources to present a concise exploration of the internal springs of Newton's complex character. Robert Iliffe describes Newton's studies in fields ranging from alchemy, physics, and mathematics, as well as his controversial religious beliefs, and concludes with a consideration of the legacy left after his demise. Newton will gratify readers who are interested in the real history behind one of the world's most legendary scientists. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
